How would you improve the communication between the public and the Council/Staff?

How do you feel about the current 1 unit per 40-acre rule (should it change to a 1 unit per 10 acres)?

Consider the vision of Dayton in 2040 with a population that has grown from 6,500 to 16,500 (estimated based on forecasts and pace of growth). What would you want the community to look like? What actions would you like to take to create your vision of Dayton in 2040?

Serving on the City Council requires a time commitment of attending a minimum of two Council meetings per month, Commission liaison responsibilities, meeting preparation via the Council agenda packet information, other evening or day meetings, as needed. Do you see any potential time/commitment conflicts?

Please provide any additional information you would like to share with the City Council.
